2022 Summer Reading Challenge

Something for all ages
happening now at Waterford Library

The primary goal of the Summer Reading Challenge is to promote the importance of reading. The benefits of reading include stimulating the mind, reducing stress, expanding vocabulary, improving memory and strengthening concentration. For school-age children in particular, summer reading helps prevent learning loss over the summer months. The 2022 Summer Reading Challenge will offer the advantages of online participation alongside in-person programming options. Reading can be tracked online through Beanstack, and prize drawing tickets can be earned and entered right in your Beanstack account. In-person programming for all ages will be offered throughout the summer. Most programs will require registration, which can be done online at www.waterford.lib.wi.us on the Programs & Events Calendar.
