The primary goal of the Summer Reading Challenge is to promote the importance of reading. The benefits of reading include stimulating the mind, reducing stress, expanding vocabulary, improving memory and strengthening concentration. For school-age children in particular, summer reading helps prevent learning loss over the summer months. The 2024 Summer Reading Challenge will offer in-person programming for all ages along with easy-to-use reading record bookmarks to record your summer reading journey. Programs marked with a red \* require registration. Additional program information can be found at [www.waterford.lib.wi.us](http://www.waterford.lib.wi.us) on the Programs & Events Calendar.
